FALL CAREER EXPO & F-1 EMPLOYMENT REMINDERS

On Wednesday, September 18th the Career Development Center hosted a great Career Expo Fair with over 100 employers. We hope you attended and made some great connections. We want to remind you of the regulations about employment as F-1 students.

- F-1 student may have **on-campus employment** of less than 20 hours per week.
- Any off-campus employment (even if unpaid) without prior authorization in SEVIS is a violation of F-1 status. It will lead to the termination of the SEVIS record and will have negative consequences on future employment eligibility.
- **Curricular Practical Training (CPT)** is used for internships/employment integral to the student's academic program. Students are only eligible for CPT when enrolled in an internship course in their degree program and receiving academic credit.
- **Optional Practical Training (OPT)** (after completion of study) is 12-months of full-time work authorization granted by the USCIS.
- **ALWAYS consult with ISO before accepting or beginning any employment.**
